

Town of Celebration Marathon Course

Measured by Ken Zambo, Esq.
Aug. 31 & Sep. 1, 2013

Note: Due to the course length and density it is difficult to show the measured path and yield a readable map. However, the marathon route has been measured utilizing the shortest possible route, except on roadways where the use of cones has been indicated. For those portions of the course, the shortest route within the coned lane was measured.

USATF Certification
#FL13068E8m
Effective Sep 26, 2013
to Dec 31, 2023
