

# Town of Celebration Marathon & Half Marathon Parking Information

Do not park in the church parking lots, on Sycamore St, Honeysuckle St, Longmeadow St, Iris St, or Jasmine St. Do not park in the Terraces Condos or the Carlyle condo parking lots

You can park in the parking areas marked on the map with a black "P" in a yellow box. The two lots closest to the finish only hold about 100 cars each, so unless you are here before 5:30am, I would not expect spots to be available. The primary parking areas should be the lot by Celebration Town Hall (851 building) and the roads around it. Starling and Greenbrier have street parking and can be utilized except where signs indicate otherwise. Westpark may be utilized, but only the side of the road opposite the golf course.

Golfpark has parking all the way from Campus St to Celebration Ave on the side opposite the golf course. While this is on the race route, it is acceptable and encouraged as the runners will have a lane to themselves. Please enter Golfpark from Campus in order to be on the correct side of the street for parking.

Celebration Ave from Golfpark to Waterside has street parking that can be utilized, but will be harder to access after 6am. Campus St and Water Street may be utilized, but typically have a large amount of residents already utilizing street parking. You can park in the bus and drop off lanes at the school.

The parking area at the library is an option for spectators and anyone arriving after 6:30am. You will have to walk a mile, but should have hassle free parking.

If you are a resident, we encourage you to walk or ride a bike to the start area. All others are asked to carpool whenever possible.
